DECEMBER	Volunteers

Each team now consists of at least five members, including a committee member. It is over to each team to organise how they work. Each team has two duties over the year and may like to split jobs, e.g., some members may do supper others cleaning, or maybe half the team will do one month the other half the second month, it's your choice how you operate. Remember if you are not able to do your turn please let the committee member on your team know.

WHAT DOES THE DUTY TEAM DO? The first and most important task is to remember that you are on duty. If you can't do your turn please arrange a swap with someone and let the committee member know who is taking your place. On meeting night the Duty Team organises supper, cleans up afterwards, ensures that heaters, lights etc are all switched off and that the premises are secure on leaving. It is most important that the Kiwi North road gate is locked on leaving. Sometime during your duty month please give the clubroom and environs a clean, vacuum the carpet area, wash the vinyl, clean the toilets and so on. If we have had a function or major cleaning is required, a working bee can be arranged. We have one of the best Amateur Radio clubrooms in the country, lets keep them in a condition we can be proud of.
